RUBICAB ECW FENCING

Advanced, innovative, quick build fencing solution with great design options and low labour costs!

Want to replace your old rotting / terminate infested timber or rusty fence? Or do you simply do not want to paint it time after time?

With our Eco-Composite Wood Fencing you do not need to worry about issues like that. Low or no maintenance, all it really requires is a high pressure rinse just in case rain is not enough.

Benefits of ECW Fencing

- ✓ No possibility of rust
- ✓ Great sound insulation properties
- ✓ Minimal heat radiation and glare
- ✓ No rattles in high winds
- ✓ Thick panels
- ✓ Doesn't need to be painted
- ✓ Termite and fire resistant
- ✓ No visible nails or screws

RUBICAB ECW CLADDING

Great design options with no maintenance increasing fire resistance and insulation!

Want to resurface your existing brick home? or looking to start a new project and not sure what surface or finish you would like on your new building? Ideal for small projects as well like cubby houses and cabins. Also good for shop fitting as feature walls.

ECW Wall Cladding
From \$49 /m2 +GST

Wall Panel WP-01
Pattern Side
2200x150x12mm
\$54.50/m2 +GST
